REMARKS

Claims 15-34 are pending in this application, and Claims 15-19 and 27-34 were subject to examination in the outstanding Office Action.

Withdrawn Claims 20-26 and rejected Claims 19 and 28-34 have been canceled. Accordingly, only Claims 15-18 and 27 are currently pending in this application. These claims were not subject to any rejections in the outstanding Office Action. Applicants note that Claim 16 is indicated as both allowed and rejected on the Office Action Summary page. However, as Claim 16 was not subject to any rejection, Applicants assume that it was intended that Claim 16 be indicated as allowed.

A minor amendment has been made to Claim 27 so that the language of this claim is consistent with dependent Claims 16-18.

The amendments to the claim set raise no new issues and/or put the claims in better condition for allowance. Accordingly, Applicants respectfully request entry of the amendments presented above.

The points and concerns raised in the outstanding Office Action having been addressed in full, it is respectfully submitted that this application is in condition for allowance, which action is respectfully requested. Should the Examiner have any remaining concerns, it is requested that the Examiner contact the undersigned attorney to expedite the prosecution of this application.

Respectfully submitted,
